Who are our students and teachers?

Students

Note: The COVID-19 pandemic had a profound impact on the 2020-21 school year. Data reported below may have been affected by the pandemic. Please keep this in mind when reviewing the data, and take particular care when comparing data over multiple school years.

Student Enrollment

The total number of students enrolled, including pre-kindergarten (PK), kindergarten (K), and students who attend beyond grade 12.
Student Demographics

The percentage of students enrolled, by race/ethnicity and by selected population. Selected populations include students with disabilities, current and former English learners, students who are economically disadvantaged, and high needs students (students who belong to one or more of the other selected population groups).
The number of teachers in a school or district is reported by full-time equivalency. This number represents the number of full-time positions filled by teachers.

Our School : 57.8
Our District : 57.8
Massachusetts : 75,146.7
The percentage of teachers who are licensed, the percentage of teachers who are licensed in the subject(s) they teach, and the percentage of teachers who are considered experienced, meaning they have been teaching in a Massachusetts public school for at least 3 years. In some schools, like charter schools, teachers are not required to have a teacher’s license.

Access to Broad and Challenging Coursework

**Note:** The COVID-19 pandemic had a profound impact on the 2020-21 school year. Data reported below may have been affected by
Access to the Arts
The percentage of students who participate in an arts course. Arts courses include visual art, music, theater, dance, and general arts.

Advanced Coursework Completion
The percentage of 11th and 12th grade students completing at least one advanced course. Advanced courses include: Advanced Placement, International Baccalaureate, Project Lead the Way, dual enrollment for credit, approved vocational/technical cooperative programs, and other rigorous courses.
The percentage of students who pass all of their courses in grade 9. In Massachusetts, a student is four times more likely to finish high school if they pass all of their classes in 9th grade.

Grade 9 Course-Passing

What do student attendance and discipline look like at our school?

**Student Attendance and Discipline**

*Note: The COVID-19 pandemic had a profound impact on the 2020-21 school year. Data reported below may have been affected by the pandemic. Please keep this in mind when reviewing the data, and take particular care when comparing data over multiple school years.*

All Students

Attendance
ATTENDANCE RATE

The percentage of days that students are in attendance. To be in attendance, students must be taught for at least half the school day.

Our School

Our District

Massachusetts

CHRONIC ABSENTEEISM RATE

The percentage of students who miss more than 10 percent of the school year. In a typical 180-day school year, this represents the percentage of students who miss 18 or more days of school.
Average Number of Days Absent

The average number of days of school that a student misses in a school year.

Student Discipline

Reported Incidents

The percentage of students who are suspended (in and out of school) or expelled.
The percentage of students who are referred to law enforcement, arrested at school or during off-campus school activities, or removed from regular classroom activities due to violence. School-based arrests are also considered referrals to law enforcement.
How prepared are our students for success after high school?

Post-Secondary Enrollment

College-Going Rates
The college-going rate is the percentage of high school graduates who enroll in postsecondary education by March 1 of the year after high school graduation. Postsecondary education includes community colleges, colleges, and universities; public and private institutions; 2-year and 4-year institutions; and institutions both in and outside of Massachusetts.

Student Progress

Student growth measures the amount of academic progress a student made over the year, based on MCAS. It compares a student’s MCAS performance to other students with similar past MCAS scores. Growth is reported on a scale from 1 to 99, with lower numbers representing lower progress and higher numbers representing higher progress. An average growth score between 40 and 60 means that the district or school is making typical progress.

ENGLISH LANGUAGE ARTS (GRADES 03-08)

Lower growth 30.4  Higher growth 1  40  60  99
Finance

Dollars Spent per Student

The total dollars spent per student, broken down by the source of funds. Funding comes from federal, state, and local sources. The amount of money spent per student depends on many factors, including student enrollment, staffing, special programs, and whether the school receives state or federal grant funds.
How is our school doing in the state's accountability system?

Accountability

An accountability system brings together a set of measures in order to provide clear, actionable information about district and school performance. In Massachusetts, accountability results are calculated using information related to student performance on state tests, chronic absenteeism, high school completion, and advanced coursework completion.

**Note:** The Massachusetts Department of Elementary and Secondary Education did not issue school or district accountability determinations for the 2020-2021 school year.
